SOLT MEETING HIGH

Design Petteri Häkkinen

Manufactured in Finland, the Solt conference chair with a high backrest is designed for meeting and workspaces where seating comfort and timeless aesthetics are essential. The high back provides support for extended sitting while preserving the light and airy design language characteristic of the Solt product family. The chair is available with or without armrests. Base options include a four-star metal base with pads, or a five-star wheeled base featuring height adjustment and a tilt mechanism.

## Materials and finishing

Upholstery	ISKU standard fabric collection
Frame	powder-coated steel or polished aluminum, ISKU standard metal colors
wooden armrest top	Birch, oak, black or white
Wheels (5-star base)	Black or white

## SOLT MEETING LOW

Design Petteri Häkkinen

Manufactured in Finland, the low-back Solt conference chair is designed for meeting and collaborative spaces where functionality and timeless aesthetics are key. The low backrest highlights the slender proportions and open design language characteristic of the Solt product family. The chair is available with or without armrests. Base options include a four-star metal base with pads, or a five-star wheeled base featuring height adjustment and a tilt mechanism.
